<http://www.seniornet.org/howto/mouseexercises/mousepractice.html>

<http://tech.tln.lib.mi.us/tutor/welcome.htm>

Typing skills...

Here is a site including 8 typing games to play-must be downloaded first, but they are free to download.

<http://www.popcap.com/index.php>

This site is "stationary". You choose a lesson and just click the tab key when you want to continue.

<http://www.davis.k12.ut.us/cjh/appliedtech/Business/Keyboarding/Index.html>

This site moves the letters as you type. (Tends to make me seasick).

<http://www.senselang.com/>

Clerical tests and more practice...
